**Save the date!**

## Why attend?

We look forward to welcoming you to the combined APAPU/ Spunza meeting in Perth, the first time the event has been held in Australia since Melbourne in 2011. With invited speakers recognised as experts in their fields, we will be offering a state of the art conference with excellent facilities focussing on bringing the highest standard of urological care to our paediatric patients.

## Key dates

- 4th March 2019 Open Call for Papers
- 30th June Close Call for Papers
- 1st July registrations open
- 9th September 2019 Early Bird deadline

## Keynote Speakers

### **Dr Raphael Gosalbez**

Dr. Gosalbez is the Director of the Pediatric Urology Division at Miami Children's Hospital and is a diplomate of the American Board of Urology with a subspecialty certificate in Pediatric Urology. He is a fellow of the American Academy of Pediatrics, and belongs to multiple national and international urologic societies.

### **Professor Peter Borzi**

Professor Peter Borzi is one of Australia's leading paediatric urologists with wide experience in reconstructive urology and has been responsible for introducing many innovative minimal access techniques to the region.
