

## Welcome Message

We are delighted to declare the convening of the 111th Annual Meeting of the Japanese Urological Association (JUA), which is scheduled to take place at Pacifico Yokohama, Japan, from April 25 (Thursday) to 27 (Saturday), 2024.

I wish to extend my sincerest gratitude to our esteemed members for conferring us with this prestigious opportunity. During my candidacy for the General Assembly in August 2018, I asserted that the year 2024 would witness a remarkable paradigm shift, marked by a Technological Singularity. The ongoing implementation of ChatGPT and other Artificial Intelligence (AI) technologies, that are presently underway in the society, are anticipated to revolutionize the prevailing norms and even bring about changes in the immediate future. The medical community, especially the field of urology, which has always been an early adopter of novel technologies, is now poised to transcend another technological threshold. Additionally, I am optimistic that Diversity, Equity, and Inclusion (DEI) will gain widespread acceptance across the globe, leading to a world without borders. Although it is deeply regrettable that this is currently not the case in certain parts of the world, interactive technology is likely to facilitate more cross-border interactions in the future.

The theme for JUA2024 is “Beyond the Boundary...” and it covers the following topics: Technical Limitations, Rural and Urban divide, DEI, Nation, Medical Field, and Medical professionals & Patients and their families. I envision that our members will be at the forefront of crossing medical boundaries, as envisioned above.

Lastly, for the April JUA2024 meeting, we plan to provide educational lectures and various contents via the web, whilst also ensuring that the three days in Yokohama are filled with meaningful experiences for all, primarily on-site, and we cordially invite not only JUA members and guests from all over the world to attend.

**Yoshihiko Tomita, M.D., Ph.D.**  
The Congress President of JUA2024  
The Chair of the International Committee of JUA

## Abstract Submission

● **Abstract Submission Period**  
August 23rd (Wed.) - 5:00PM, September 27th (Wed.), 2023 (JST)

### ● Sessions

Please select from the following sessions:

1. Poster Discussion

2	Upper tract benign disease	8	Testis tumors	14	Infertility	20	Pediatric urology
3	Kidney transplantation	9	Penile cancer	15	Andrology	21	Urethroplasty and genital reconstruction
4	Renal tumors	10	Male LUTS	16	Sexual dysfunction		
5	Urothelial tumors	11	Female LUTS	17	Infectious disease	22	Others
6	Urinary reconstruction	12	Neuro-urology	18	Stones		

## ● Submission Requirements

**Language:** English

**Length:** (Abstract Title) Within 160 characters

(Abstract Body) Within 1,600 characters \*Please include objectives, methods, results and conclusions.

### How to Submit:

Submit your completed abstract using the submission form on the congress website (<https://site.convention.co.jp/jua2024/>). You will receive an e-mail confirmation with an abstract submission number from the secretariat. If not, please contact the congress secretariat.

### Please note:

- You may choose a topic category of your presentation from the list. The final decision, however, is the discretion of the congress president.
- When printing in the Program, we will not edit submitted abstracts. Therefore, you should be mindful of spell checking and grammatical correctness in your submission.
- Once registration deadline is closed, no change requests of the title, co-authors, or any others may be accepted.
- Ethical consideration must be provided with your presentation, such as when animals are used in your clinical samples.

## ● COI (Conflict of Interest) Disclosure Declaration

The first author of the presentation must disclose all necessary information in the provided COI form at the time of registration.

## ● Copyrights Transfer

Copyright of the presented paper will belong to the Japanese Urological Association.

## ● Acceptance Notice

Abstracts will be reviewed by the Organizing Committee. Acceptance of abstracts will be notified by e-mail to the first/presenting author by December, 2023.

To submit your abstract, please access the website below

<https://site.convention.co.jp/jua2024/en/abstracts/>

Please follow @JUA2024 on X (former Twitter) !
